

# Catalin-Florin Roatis

## Multimedia Design Student

I'm Catalin-Florin Roatis, a multimedia design student with a passion for creating meaningful and engaging digital experiences. I'm skilled in Adobe Creative Suite, HTML, CSS, and JavaScript, and I enjoy combining creativity with technical knowledge to bring ideas to life—whether it's designing user interfaces, building websites, or developing visual content.

I approach every project with commitment and attention to detail, always striving to deliver high-quality results. I'm a fast learner, highly motivated, and thrive in both independent and collaborative environments.

In my free time, I enjoy staying active through training and focusing on nutrition, which I'm very passionate about. I also value time with family and friends, enjoy reading, and occasionally play guitar to unwind and explore my creative side in a different way.

## EDUCATION

**BillundSkolen 2018-2021**  
Folkeskole  
I have attended BillundSkolen in my hometown, Billund. I have completed the danish folkeskole there in 2021.

**Grindsted Gymnasie- & Erhvervsskole 2021-2024**  
I took a 3 year HTX education for my gymnasium at Grindsted Gymnasie- & Erhvervsskole, from which i graduated in 2024.

**EASV Esbjerg 2024-2026**  
Multimediedesigner  
I am currently enroled in the Multimediedesigner education at Erhvervsakademi SydVest, which i will graduate from in june 2026.

## HOBBIES & INTERESTS

- Design
- Strength training
- Nutrition
- Programming
- Music
- Reading

## SKILLS

I am able to use the Adobe Creative Suite, but i have mostly worked with Photoshop, After Effects, Premiere Pro, Illustrator and InDesign. I also work with HTML, CSS, JavaScript and Vue.js for the coding part of being a multiemdia designer. Other tools i use regularly are Figma, FigJam and Trello.

Other than that, i also have the knowledge on how to properly use a camera, for both filming and taking pitures in different environments and environmental factors.

## WORK HISTORY

**Netto Billund**      **Ungarbejder**  
May 2020 - August 2021

As a Ungarbejder in Netto, i worked at the checkout counter, filled the shelves with products, and was in charge of keeping the checkout area clean for the customers.

**Rema 1000 Billund**      **Ungarbejder / Lukkeansvarlig**  
Sept. 2021 - July 2024

As Ungarbejder in Rema 1000 i had pretty much the same tasks as in Netto, but once i turned 18 in maj of 2022, i got promoted to Lukkeansvarlig. As lukkeansvarlig, i had the duty and responsability of keeping the store in good condition in the evening after the shop's owner went home for the day. My tasks included making sure that the ungarbejder had work to do when there were no customers, clean up the warehouse and the store, and at the end of the day close the store and count the money in the register.

**Rema 1000 Esbjerg**      **Lukkeansvarlig**  
August 2024 - Present

I enjoyed having responsability and being trusted with a whole store's upkeep, and also that the working hours were afterschool and flexible, so once moving to Esbjerg for my studies, i had decided to apply for the same position, just in a different location.
